## PRESIDENT TO INVESTIGATE

Bituminous Miners May Walk Out  
To Force Operators to Abide  
By Wage AgreementsBy JOHN T. LAMBERT  
Universal Service Staff Correspondent  
SWAMP SCOTT, Mass., July 1.—President Coolidge watched with  
growing interest tonight the develop-  
ments which threaten a coal strike  
and which may force government in-  
vestigation of John L. Lewis' serious  
charges that industrial leaders of  
the country are engaged in a con-  
spiracy to violate the Jacksonville  
wage agreement.Whether Lewis will be invited to  
make a statement of the miners' griev-  
ances to the president was un-  
decided. It is believed that Secretary  
of Labor Davis will be instructed to  
make a close scrutiny of the develop-  
ments in order that the president may  
be readily supplied with the facts to  
determine whether government in-  
tervention will be necessary.Lewis declared in his Scranton  
speech that the government itself  
approved the Jacksonville wage  
agreement between the coal corpora-  
tions and the anthracite miners. He  
charged that some of the coal cor-  
porations in which John D. Rocke-  
feller and secretary of the Treasury  
Mellon are substantial owners have  
attempted to cut wages and that they  
have conspired to stop the operation  
of the unionized mines in which the  
Jacksonville agreement effects. He  
indicated that a strike of the bitu-  
minous miners may be called in order  
to form the operative to abide by  
the wage agreement made with the  
hard coal miners.The threatened coal strike looms  
up as the first industrial trouble to  
affect the presidential calm. He has  
had his battles with congress over  
the soldiers' bonus, Japanese im-  
migration and Mellon tax bill, but  
thus far peaceful industrial world  
has presented no crisis to him.Natives to Take

tember 9. A general committee has  
been named for the county and is  
making arrangements for floats and  
a delegation of marchers. A meet-  
ing of the committee will be held  
in Martinez on July 9.

Parents Are  
Blamed for  
ImmoralityHolding that the parents are im-  
moral at dances and skating, Mrs.  
Heaster expresses her opinions as  
follows:Editor, Richmond Record-Herald:  
From what I have read and under-  
stand of this problem of "City Coun-  
cil versus Church Fellowship," it  
seems to me such a childish "squab-  
ble" and not a very significant one  
at that.No one gets very far himself abus-  
ing another. I think every one  
should have the right to the freedom  
of his own thinking and as for ex-  
pressing himself that can be left  
to his own judgment. Be it best  
or not, he can decide for himself.  
I am wondering who this Mr. Fitz-  
patrick is, and if he prominently  
in expressing his opinion so forcibly  
will hear the weight with the people?If the church people have done  
wrong and the city council has  
done right, the council needs no  
public protection as far as I can  
see. "Right" will speak for itself  
day by day. Many people think and  
know more than they express, and  
it seems to me we only belittle our-  
selves by abuse.If the church people do not like  
dancing and skating I believe a good  
way to improve these pastimes is  
to go there with the young people.  
If the young people go there for  
low or immoral purposes, not many  
will enjoy their purpose with the  
hall filled with parents.Church people can spend their  
time while there to good advantage—  
in silent prayer and thanksgiving,  
and God will hear all prayers not  
prayed "amiss."This is my idea of keeping the  
Sabbath day "Holy", regardless of  
where seeming Fate or need places  
us.Are we parents not seeing our  
own duty neglected and blaming some  
one else for the result?I think if more consideration was  
given by parents to the pleasures of  
their children in their own homes  
more young people would enjoy stay-  
ing home.I would like to know if others have  
opinions similar with mine?

Joe Robbiano to  
Stand Trial on  
Dry Law ChargeJoe Robbiano, 443 Standard ave-  
nue, is now in the city jail, pending  
the raising of \$500 bail, lodged there  
on a charge of violating the Wright  
Act.Under the leadership of Chief Dan  
Cox, a raid was made on Robbiano's  
home yesterday afternoon and a  
quantity of illicit liquor was seized.  
Police report that he will also have  
to face a charge of selling liquor,  
as several of these sales are known  
to have taken place.Robbiano was arraigned before  
Police Judge C. A. Dell, immediately  
after he was arrested, and a plea  
of not guilty was entered. No date  
has been set for the hearing.

## BUILDERS MEET POSTPONED

As a good many of the Richmond  
Builders are planning Fourth of  
July trips for Friday E. H. Higgins,  
president, has called off the regular  
meeting of the Builders Exchange,  
scheduled for Friday night. The next  
regular meeting will be on July 10.Sons, Son-in-Law and Friend of La Follette

CITY WILL RISE  
ON QUAKE RUINS

By CHANDLER SPRACUE

Universal Service Staff Correspondent

SANTA BARBARA, July 1.—A built-  
to-order city is to speed of Aladdin.Meeting at noon today the city  
council created a reconstruction board,  
endowed with extraordinary powers,  
composed of the mayor, city manager  
and several leading citizens. This  
board will pass on all plans for  
buildings to replace those shaken  
down by Old Lady Earth's Monday  
morning tantrum. And unless the  
board approves, financial assistance  
for erecting the new buildings will  
be withheld.Santa Barbara is determined to  
capitalize the earthquake. Every other  
city visited by a disaster of this  
sort has profited, in city planning  
and this community, one of the show  
places of the coast, is all set to  
erect a new Santa Barbara that will  
make the old one look like an Alger-  
ian slum.

## TWO THINGS NEEDED.

Two things more are necessary for  
a start. And both those things are  
happening, right now. The first was  
to remove the old buildings, the  
second was to find funds, temporarily,  
to start the reconstruction. An en-  
ormous crew of firemen from sur-  
rounding cities is working night and  
day tearing down the remnants of  
State street. And no sooner does a  
wall fall than it is pounced on and  
dragged away. Within a few days  
the sites for the new work will be  
ready.And the money is in sight. H. H.  
Colton, Los Angeles banker, announc-  
ed this morning that \$2,500,000 al-  
ready had been pledged. One mil-  
lion was raised in Los Angeles, an-  
other in San Francisco and the re-  
maining \$500,000 will be subscribed  
by banks in the smaller cities. Cali-  
fornia takes care of her own. More  
will be forthcoming, it is said, as  
soon as needed. The city is optimis-  
tic today. While the loss of life and  
the destruction of property is de-  
plored, the citizens here have their  
faces to the future with the vision  
of a new Santa Barbara shining in  
their eyes.DRIVER BLAMED  
IN AUTO CRASH  
BY JURY PROBE

Coroner C. F. Donnelly and Deputy

Coroner H. G. Preston, investigated  
the death of Harold McCasner, O. A.  
Barnett, and William R. Hallmark-  
er, who were all killed on last  
Sunday when their automobile was  
struck by Santa Fe train No. 21, in  
Antioch, on Tuesday evening at An-  
tioch. The jury in the inquest de-  
termined that death was accidental  
and was due to the carelessness of  
the driver of the machine. The train  
crew was exonerated from all blame.Accompanied by the wives and  
children, the remains of McCasner,  
Barnett and Hallmark, were ship-  
ped to their old home in Texas, yes-  
terday.Two inquests were conducted Mon-  
day afternoon at the Brunser of  
fices by Charles F. Donnelly, county  
coroner, one being into the death of  
the late Charles W. Brewen and the  
other into the death of the unknown  
man, found in the bay near Hastings  
Slough, June 14. Identification of the  
latter was not made, the verdict  
of the jury being, "drowning, cause  
unknown."The death of Charles Brewen was  
caused by a ruptured aneurism, with  
the contributing cause being hyper-  
tension and arterio sclerosis.The jury in both inquests were  
C. C. Swift, P. E. Drake, Joseph  
Lentz, Jack Villa, Frank McNamara,  
Charles Klutner and R. Lock.Time of the investigation into the  
death of Clark B. Bellman, who drop-  
ped dead in Port Costa Friday, has  
not been set, as yet, nor has that  
of Neil McCrindle, of El Cerrito, who  
died Sunday when his throat was cut  
by flying glass in an automobile  
accident.

(By Universal Service)

SANTA BARBARA, July 1.—The of-  
ficial list of dead in the Santa Bar-  
bara earthquake issued today con-  
tained thirteen names. Four persons  
were reported missing.Two bodies were removed from the  
ruins of the San Marcos build-  
ing on State street today after lab-  
ors, aided by steam shovels and  
cranes, and searched for them for  
nearly forty-eight hours. The bodies  
were those of Mrs. Kutex, an as-  
sistant janitress and S. Mostiero,  
janitor. They were working Mon-  
day morning at the time of the tem-  
blor and were buried beneath  
tons of masonry, bricks and concrete.  
Mostiero, when found in the ruins  
still had over his shoulders a num-  
ber of the office building towels.

Infantrymen From Fort McDowell  
Rushed to Island to Restore  
Order

(By Universal Service)

SAN FRANCISCO, July 1.—Details  
of how 125 Chinese at the Angel  
Island immigration station, San Fran-  
cisco bay, started a riot which nec-  
essitated the summoning of armed  
soldier guards from nearby Fort  
McDowell were laid bare late  
today when representatives of the  
Chinese Six Companies and the Chi-  
nese consul visited the island to  
demand an investigation.The riot, which occurred yesterday  
afternoon in the station mess hall,  
is said to have been precipitated  
when a white waiter either shoved  
or struck a Chinese.This started a pandemonium. Plates  
and cutlery were thrown about and  
one guard was reported knocked  
unconscious when "struck" on the  
head by a heavy bowl.Twenty-five infantrymen from Fort  
McDowell, who were rushed to the  
island at the urgent request of im-  
migration authorities, restored order  
at the point of fixed bayonets, ac-  
cording to reports.John D. Nagle, immigration com-  
missioner, requested the Chinese  
consul general and the Six Com-  
panies to send representatives to in-  
vestigate the affair.

## PAPERS SNUGGLED

Coaching of Chinese awaiting ex-  
amination as to their qualification  
for entrance into this country was  
responsible for the outbreak, ac-  
cording to Edward L. Hoff, assistant  
to Immigration Commissioner J.  
D. Nagle. Papers containing in-  
structions, sample questions and other  
information had been smuggled to  
the island and some of them reach-  
ed the hands of the authorities.Glen Starbard, an attendant in  
the mess hall, was blamed by the  
Chinese for the "bunk" and branded  
as an informer. There was a babble  
of Chinese conversation every time  
Starbard appeared in the mess hall  
during the noon meal on Tuesday  
but the storm did not break until  
evening.When Starbard appeared then,  
bearing huge bowls of rice and other  
comestibles, the Chinese arose from  
the tables as one man. They had  
all sorts of unprovoked weapons, but  
the iron cuspidors with which the  
floor of the hall is equipped were  
the favorites.Superior Judge H. V. Alvarado

decree of divorce that stipulates that  
C. M. Patten, of Richmond, pay \$75

petitioned the Superior Court that  
the decree be modified so that she  
would receive \$100 a month for the  
support of the children. Judge Al-  
varado refused to raise the amount  
inasmuch as Patten had fulfilled all  
obligations. Attorney Will S. Rob-

## Wesley Ladies Aid Votes \$100 To Church Debt

With officers and representatives of all Circles of the Wesley Ladies' Aid society in attendance, and with Mrs. J. H. Chandler, president, presiding, the General Aid of Wesley conducted its regular monthly meeting at the church yesterday afternoon.

A total of \$50 was turned into the treasury by the various circles as sums raised at activities conducted during the month just passed. It was voted to remove \$100 from the treasury to go towards the Aid's quota of the church debt.

In the absence of Mrs. Dreyfuss yesterday, Mrs. C. R. Farout acted as corresponding secretary, and in the absence of Mrs. W. W. Scott, Mrs. Carol Henkins acted as treasurer.

The ladies agreed to conduct the next monthly meeting in conjunction with a picnic at Alvarado park on August 5. The heads of the circle will be in charge, with Mrs. Chandler as general chairman. The chairmen of the circles are: Mrs. Nora Glover, circle No. 1; Mrs. W. F. Downing, circle No. 2; Mrs. C. Farout, circle No. 3; Mrs. M. F. Beebe, circle No. 4; Mrs. Ella Locke, circle No. 5; Mrs. F. J. Miller, circle No. 6.

### POINT LADIES AID HOLDS PICNIC PARTY

Thirty members and friends of the Point Baptist Ladies' aid, attended and enjoyed the picnic, held at Alvarado park yesterday. Mrs. Morelli, president of the aid, presided over the business meeting that was held, and Mrs. J. A. Butler was chairman of the day. Luncheon was spread, games played and a general good time indulged in.

The ladies reported that Alvarado park is one of the most beautiful outing places they have thus far encountered in the Bay region, and declared that not a nicer place could be found for a picnic.

### WOODCRAFT THIMBLE CLUB HOLDS PICNIC

Under the sponsorship of the Woodcraft Thimble club, a picnic was given at Alvarado park yesterday. Besides nearly all members of the Thimble club, a large number of neighbors of Woodcraft enjoyed the day at the beautiful picnic grounds. The party journeyed to the park at 10 o'clock in the morning and with luncheon at noontime, games and business transactions, had a fine time until 4 p. m. Mrs. Reeb, president, was in charge of the business session, during which it was decided to take a vacation for the next two months.

### MIRIMAR CHAPTER MEET POSTPONED

Mirimar Chapter Order of the Eastern Star will not meet on Friday night as many of the officers as well as a large number of visitors will be out of town enjoying the holiday the last of the week.

## Encampment Has Banquet Meet; Plans to Install

Spokesmen of the large delegation of members of Contra Costa Encampment No. 99, Independent Order of Odd Fellows, reported at the meeting held in Richmond hall last night that the journey to Antioch last Saturday night was most successful. The occasion of the visit was the district meeting of the Odd Fellows, and after the business of the district was cleared away the Royal Purple degree was conferred on twelve candidates.

Late in the evening the entire assemblage gathered around the banquet table where they indulged in a fine supper and listened to speeches by various officials. District Deputy Grand Patriarch A. C. Tassell was in charge during the entire evening.

Patriarch Tassell will be the installing officer for Contra Costa Encampment on next Monday night, when the newly elected officers take their positions. District Deputy Grand Master Moore will install for Eclipse lodge at the same time.

### RICHMOND LODGE BUSINESS MEETING

A short regular business meeting took place in Richmond lodge, No. 12, Knights of Pythias, at a meeting held in Pythian castle last night. Past Chancellor George M. Deathe, presided over the session in the absence of M. Slosilo, chancellor commander, who was absent. The session was the regular stated meeting with no new important matters being brought up.

### BARBARA FRITCHIE COUNCIL INSTALLS

Mrs. Mollie Bonham, newly elected councillor, was installed in Barbara Fritchie council, No. 10, Daughters of America, at a meeting held in Woodmen's hall last night. She took the chair immediately and presided over the session of the evening. Mrs. Shaw of Oakland, was in charge of the installation work. The meeting was followed by a banquet of exceeding tastiness, served under the direction of Mrs. Edna Henchey. Golden Gate council of San Francisco sent three representatives to witness the ceremonies. They were Mesdames Minnie E. Berringer, Eva J. Moe, and Lena Schreiner.

## Degree Conferred By Royal Arch Masons Chapter

The Royal Arch degree was conferred on the largest class of the year last night by the Richmond Chapter 113 of the Royal Arch Masons, nine candidates being initiated.

L. A. Widner, high priest, presided. Guests of honor at the meeting were Charles H. King, of Sebastopol, Grand High Priest of the State of California; D. B. Richards, of San Francisco, Grand Lecturer; and Merle Randall of Berkeley, Deputy High Priest.

The conferring of the degree was preceded by a splendid banquet prepared and served by the wives of the officers and candidates. The meeting was the biggest one of the year, the house being filled to capacity.

## What My Neighbor Says

Is of interest to Richmond folks. When one has had the misfortune to suffer from backache, headaches, dizziness, urinary disorders and other kidney ills—and has found relief from all this sickness and suffering, that person's advice is of untold value to friends and neighbors. The following case is only one of the many thousands, but it is that of a Richmond resident. Who could ask for a better example?

Mrs. G. Schiltz, 1309 Bissell avenue, says: "I suffered from the effects of kidney trouble. I had a constant ache in my back and when I was hanging up clothes, sharp pains caught me and nearly doubled me up. I awoke mornings feeling more tired than when I went to bed. I suffered from pains in my head and dizzy spells. Doan's Pills gave me relief and helped me in every way."

FOUR YEARS LATER, Mrs. Schiltz said: "My faith in Doan's is as strong as ever. I still use them when my kidneys trouble me and they never fail to do me good." Mrs. Schiltz is only one of many Richmond people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mrs. Schiltz had—the remedy backed by home testimony. 60 cents at all dealers. ## Star of Diamond Laid Up By Hurt

The star right holder of the A. O. U. M. Richmond Ladies of the standards, Cullers, has not and will G. A. R. in company with the members of the John B. Wyman circle dally in the national pasting, during Oakland visited the home for to a painful attack of blood on one of his legs. The trouble was caused by Cullers' skinning his leg on a piece of pipe at the refinery while he was at work. Attaching to significance to the accident as far as trouble was concerned, Cullers continued to work. Although nothing serious is expected to result from the case, the injured man will be out of the lineup for some time.

Those from Richmond were Mrs. Jennie Sievers, president of Richmond circle; Claude Sievers, her son; Mrs. Nellie Hutson and daughter Miss Lina; and Mrs. Cora English. The home, situated a few miles beyond Napa.

# MECHANICS TIED FOR FIRST PLACE

## ALL STANDARDS SEIZE VICTORY BY 7-2 SCORE

### STANDARD OIL LEAGUE

CLUB—	W	L	Pct
All Standards	5	2	.714
Mechanics	5	2	.714
Barrel House	2	4	.333
Refinery	1	5	.166

Slapping all and sundry offerings of "Dutch" Kogler to all parts of First street park from over the fence to the very short infield for 15 safe ones, the All Standards won from and tied the Mechanics for first place in the Standard Oil league last night. The score was 7 to 2.

A handsome array of infield hits edified the fans, who experts estimated nicely rounded out a thousand. Attempted sacrifices were there in abundance, but the sacrificers always managed to beat out the throw.

Huzefka batted a thousand for the day, connecting four times out of the same number of trips to the platter. All of his hits were singles but they all came at times when the most good could be done.

### REMARKABLE BATTING

Schulte slapping near the head of the batters column, did the most remarkable stick work of the day, with a double triple, and a homer over right field fence.

In the fourth inning, with the bases congested, Schulte was walked. It was obviously intentional, as Cliff Cleek, perspiring manager of the Machine Shops, went into the field, and after a whispered conference, Kogler tossed four balls in succession.

The Mechanics were discouraged from tying the score in the seventh by this same Schulte, who with Gillispie on slapped his favorite hit, a homer. Schulte got his triple in the first session. He knased a little Texas Leaguer just over Allen's head, and fielders both in and out, assembled at one spot—not near where the ball landed—and before said ball could be recovered, Schulte was merrily perched on third.

Gillispie demonstrated the art of first base playing to good advantage when he snatched Corothers' foul off his shoestrings. Corothers, opposing first baseman, was duly edified.

In the second inning, three men attempted to sacrifice their beloved companions down the several paths, but their attempts were futile as they always beat the throw.

## BIRTH IS REPORTED

At the Richmond Maternity hospital, a baby boy was born to Mr. and Mrs. Gerald Russell. Thirty-third street and Chanslor avenue.

STOP! An old instructor of mine used to put it this way. The only way to stop anything is to stop it. And that applies to smoking. You cannot stop by trying to cut down gradually. I have seen it tried time and time again without success. The only piece of Good Advice is to cut it out.

I and my friend are going in for wrestling and boxing. do you think that weightlifting would help us?—S. M.

S. M.—I would not advise weightlifting for boxers, but for wrestlers yes. Weightlifting is one of the most important parts of their training. Do not misunderstand me. There are many good wrestlers that have never touched a weight but they don't last long in the game. There are instances to show that this is true in the majority of cases. The great wrestler Gotch died a comparatively young man, while his famous opponent Hachenschmidt is alive and in the best of health. Look at Zbysko 50 years old and staying with the best of them and the famous Donald Dinnie who could lift and wrestle with some of the best when he was 65. The last three men mentioned were all weightlifters. If you take up lifting, go slow.

For the boxer I would recommend chest weights and exercise with iron dumbbells not more than 2 to 3 pounds.

## DO GOATS really EAT TIN CANS?

NO, that's just a superstition fostered by the comic strips. And the idea that there is something mysteriously better about "eastern" automobile lubricants simply because they are made in the east and cost more is another superstition—which a majority of motorists in the Pacific Coast states have come to disregard.

### No, Nor Do Eastern Oils Lubricate Better

As a matter of fact, the best and most suitable crude petroleum for the manufacture of a motor oil, is obtained from Pacific Coast wells. Zerolene, made from this naphthenic base crude, carefully selected and refined by our patented high-vacuum process, not only costs less but lubricates better.

### Zerolene Successfully Lubricates ALL Makes of Cars

If you have been paying high prices for eastern oils—think what a "lubrication census" of the automobiles in any large western city would show: Zerolene successfully lubricating every make of car in use—high priced and low—more cars than any other oil made.

### Why Experienced Automobile Men Say—

"Use Zerolene"  
Zerolene increases gasoline mileage, reduces carbon troubles, and lengthens the life of the engine; and because it does—automobile agencies and big users of such celebrated makes as Cadillac, Chrysler, Dodge, Lincoln, Oakland, Packard, Pierce-Arrow, Willys-Knight, etc., unhesitatingly say—"Use Zerolene."

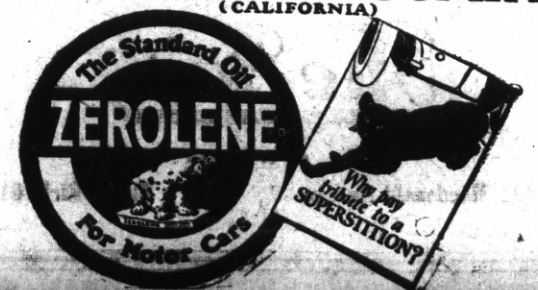

Why pay tribute to a superstition? Insist on Zerolene even if it does cost less. Always ask for ZEROLENE by name.

### Get the Facts!

A series of independent and impartial reports showing the experience of large users with Zerolene motor oil has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

### TUBERCULOSIS OVERCOME

Oakland, Calif.  
April 28, 1925.  
For about three years I suffered from a bad cough and sore chest. I tried many doctors, all of whom pronounced my case Tuberculosis. My spine was examined and showed tubercular germs. As I found no improvement from treatment, I decided to give the FONG WAN HERBS a test, as a last resort. After having drunk the herbs for four months, I was a well woman and had gained in weight. A year has elapsed since I began to take the FONG WAN HERBS on April 16, 1924, but today, I am still well and have no sign of my former complaints.

## Business Training Necessary Speaker Tells Kiwanis Men

That a business man must have the same training that any professional man must have to equip him for his work, was the statement made by Frank H. Beckmann, business doctor of San Francisco. "Personality is that indefinable something which makes one person welcome and another person unwelcome anywhere," Beckmann declared. Ralph Bergen of the Certain-tec corporation was the chairman.

\* Two fine violin numbers were given by Ward Melick, member of the Richmond Lions club, who was a guest of J. H. Fitzpatrick. Emil Esola played selections on the piano. Charles M. Courtwright will be next week's chairman.

## COUNCIL WILL SELECT MAYOR MONDAY NIGHT

All officials in appointive offices of the City of Richmond will remain the same for the coming year, and with the exception of Councilman John I. Collins, all elective officials will be the same, it was announced yesterday by City Manager J. A. McVittie.

Collins will be seated in the council next Monday night to succeed W. L. Lane, and at the meeting a new mayor will be elected. New committees will be appointed and a general reorganization will take place.

Among the activities of the city for the year starting yesterday, will be the building of the new wharf on the inner harbor, completion of the municipal bathhouse, and completion of the extensive plan of street improvement.

Massed here under way for establishment of Universal City in Hotel Park, covering over forty acres of ground and devoted exclusively to motion picture production.

## We never could see LOGIC in this

Some owners of pneumatic equipped trucks and delivery cars say —

"Why buy quality tires . . . the drivers abuse the tires anyway . . . cheap tires are good enough . . ."

Seems to us that here's where the finest and most durable equipment would be the most economical . . . and lately we've had an opportunity to prove it. We converted several fleet owners from this old notion to Diamond Heavy Service Cords . . . and they're certainly glad we did.

The tire isn't made that can stand the gaff like this Diamond Cord! In sizes . . . 30 x 3 1/2 to 40 x 8.

## Shepherd Suffers Nervous Breakdown Following Release

(The Universal Service)  
CHICAGO, July 1. William D. Shepherd has suffered a nervous breakdown.

That was the word brought into court by his attorneys today when the hearing on the will through which Shepherd was left the bulk of McClintock's million dollar estate was called before Probate Judge Horner.

Nine distant relatives of McClintock and Miss Isabelle Pope, his fiancée, are contesting the will. Shepherd was acquitted Friday of a charge of saying his young ward, Judge Horner continued the hearing until next Friday.

## County Tax Rolls Go To Supervisors

County Assessor George O. Meese and his office staff are busily engaged this week in closing the county's assessment books and preparing the assessment rolls for presentation to the board of supervisors on July 6. Although the rolls are not yet completed it is anticipated that they will show an increase in the assessed valuation of the county.

It was announced today that July 6 will be the last day for filing by war veterans of their claims for \$1,000 tax exemption as provided by state law.

## Use "Tiz" For Sore, Tired, Aching Feet

Ah! what relief. No more tired feet; no more burning feet, swollen, bad smelling, sweaty feet. No more pain in corns, calluses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" draws out all the poisonous exudations which puff up the feet; "Tiz" is magical; "Tiz" is grand; "Tiz" will end your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired.

## All Interests Are Aiming at Tax Reduction

(The Universal Service)  
WASHINGTON, July 1. The Democratic minority in the next senate will launch a program of tax reduction which will be even more advanced than that supported by the president and republican members of the ways and means and finance committees.

This was indicated today in a statement by Senator Andriens A. Jones of New Mexico. Jones declared the Democrats will work for a total reduction in taxation of \$500,000,000. This is \$100,000,000 in excess of the figure set by Senator Smoot, Republican, who is chairman of the committee, and \$200,000,000 more than the objective of Chairman Green of the house ways and means committee.

As an offset for the reduced tax rates, he cited the fact that British payments on principal and interest on her debt to the United States will amount to considerably more than \$162,000,000 during the year. Application of these payments to the sinking fund will make it possible to effect greater reductions in the tax rate, the senator believes.

## France Proposes To Pay U. S. War Debt in Four Years

BY BASIL WOOD  
Universal Service Staff Correspondent  
Special Cable Dispatch to Universal

PARIS, July 1.—From the source it is now possible to reveal the broad lines of Finance Minister Caillaux's proposals for settlement of the war debts. They are as follows:

1. A four year moratorium.
2. The entire debt to be consolidated at four per cent interest.
3. France to make an immediate cash payment of \$50,000,000 as soon negotiations are completed as an earnestness of good will.
4. France only offers these terms to America on condition they are also acceptable to England.
5. The moratorium to be gaged on French railways, state forests and other national domains.

Proposals along these lines will be put forth when the French debt commission, possibly headed by Finance Minister Caillaux himself, goes to Washington at the end of August or the beginning of September. If Caillaux cannot spare time to go to Washington for the entire negotiations there is a chance that he may go for the final talks and signatures.

# RICHMOND PLANS PART IN FETE

## PERALTA DONS IN ELABORATE FALL FESTIVAL

OAKLAND, July 1. (Special)—A floral pageant, an industrial parade, speed boat races on Lake Merritt, an athletic carnival in the Oakland Municipal Auditorium, singing by a community chorus, a free Spanish barbecue, street dancing and a grand ball in the auditorium, are a few of the high lights planned for the third annual Dons of Peralta celebration, August 27, 28 and 29.

The Alameda Chamber of Commerce already has arranged to place a float in the floral pageant and the city has appropriated a sum to pay the expenses for decorating it.

Berkeley is expected to vote funds for a similar representation in the opening event of the fiesta.

Piedmont, Emeryville, Richmond, San Leandro and Oakland likewise will be represented. Plans are now under way to invite the cities and towns of Alameda and Contra Costa counties to participate in this distinctive floral parade feature. Trophies will be awarded the prize winning entries.

Oakland's streets will take on the colors of Old Castile, according to the decorative scheme worked out by James H. Cobblewick of the street decorations committee. The same colorful effects will be used in decorating the Oakland Municipal auditorium.

E. N. Sanborn of the Oakland park board, is chairman of the floral parade committee of which he was the head last year.

Mrs. J. Sherman McDowell, Alameda's representative on the board of governors, reports that the Enchanted City is prepared to take a more active part in this year's celebrations than it did last year. Mayor Frank Otis of Alameda is an active member.

James C. Holland, chairman of the athletic committee, has completed arrangements for the big carnival which will include competition for boys and girls under fourteen, years of age, to be staged during the afternoon and evening of Friday, August 28.

Zannette W. Potter has charge of the big musical feature of this year's festival and is preparing a mighty singing aggregation.

A special feature of the celebration now being considered, is a plan to bring California's most beautiful young woman to Oakland for the fiesta. Mrs. J. Sherman McDowell and Mrs. Nettie May Miller, members of the board of governors are working on this particular feature.

## PROGRAM FOR FOURTH FIESTA AT KOZY KOVE

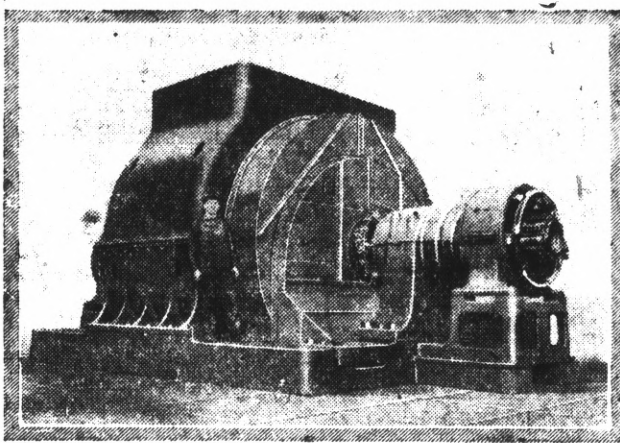

The committee of the West Side Improvement association has lined up a good program for the Fourth of July celebration at Kozy Kove on Saturday, plans for which were completed at a committee meeting Monday night. Miss Katherine McCracken is general chairman, with assistants, Edward McDuff, W. A. Walker, C. M. Patten, Andrew Trautvetter and W. Andrews.

The event will open in the morning and continue through the day to 7 p. m. Coffee, made by Mrs. Walker and Miss McCracken, ice cream, soda and candy, under the direction of Ed. McDuff, will be sold at moderate prices, but starting at noon, barbecued beef and sandwiches will be served free during the afternoon.

Attorney Wilbur Pierce, will deliver the oration of the day at 1 o'clock. Charles Patten is arranging for a musical program. Under the leadership of A. Mazza, the West Side Italian band, will provide music during the day. A street dance in the West Side will probably wind up the activities of the day.

The club has secured permission from the owner of Kozy Kove to stage the celebration, and the public is bidden welcome to the whole affair.

## WORLD'S LARGEST CONDENSER AT P. G. & E. VACAVILLE-DIXON PLANT

VACAVILLE, Calif. June 29.—The largest synchronous condenser in the world is being delivered to the Vacaville-Dixon plant of the Pacific Gas and Electric company, where it will be used to regulate the voltage and to decrease the losses on the 202 mile transmission line on which electric current is carried at 225,000 volts to the substation from the Pitt River waterpower generating plant.

The condenser, which was built by the Westinghouse Electric & Manufacturing Company at East Pittsburgh, Pa., works is the largest ever built and has a rating of 40,000 kilowatt amperes at 600 revolutions per minute and is designed for 3 phase, 60 cycle, 1150 volt service.

The condenser is approximately 17 feet long, 16 feet high and 19 feet wide. It was found necessary to ship the stator or frame in two pieces. The heliplate is almost three feet thick. The shaft and motor is approximately 23 feet long and nine feet in diameter. The complete machine weighs approximately 150 tons.

The condenser will be placed in operation in time to take care of the additional current to be generated at the 108,000 horsepower Pitt No. 3 Plant of the Pacific Gas and Electric Co., which is scheduled to begin operation July 18th.

## Band Concert At West Side Band Stand Tonight

Tonight at 8 o'clock the weekly program of the Richmond Municipal band will be given on the corner of Washington and Richmond avenues, Point Richmond. The weekly concerts are given every Thursday night with alternate weeks at Ninth and Nevins and the West Side.

Tonight's program will be as follows:

March, "Present Greeting," Barnard.  
Overture, "King Midas," Eilenborg.  
Italian Waltz, "La Serenata," Jaxone.  
Novelette, "Moonlight in Florida," Storm.  
Pop Waltz, "When You and I Were Seventeen," Kahu.  
Hot Trombone, Fillmore.  
Selection, "Amorita," Laurendeau.  
Fox Trot, "Ukulele Lady," Kahu.  
March, "Yankee Notions," Sanglear.  
Star Spangled Banner.

## Forestry Board Has Authority to Enforce Fire Men

SACRAMENTO, July 1.—The State Board of Forestry has authority to press all able bodied males in California into service to fight timber and other outdoor fires, whether the State is in position to pay the workers for such service, according to the announcement of the board today.

This announcement quoted opinion from an Attorney General Webb declaring that persons called into emergency service may be paid at the rate of 25 cents an hour for actual work performed, provided such money is available in the appropriation for forest fire protection.

But depletion of such appropriation does not stop the board from augmenting their fire fighting forces, for the opinion says the law gives ample powers "to require service of persons, with or without compensation, in protecting life and property from fire."

The State Board said this ruling gives important authority to fire wardens in suppressing conflagrations in some of the grain rising countries where compensation funds are not available.

stage the celebration, and the public is bidden welcome to the whole affair.

## Portland To Be Host to 16,000 C. E. Delegates

PORTLAND, Ore., July 1.—Sixteen thousand Christian Endeavor leaders from the forty-eight states of the union and many foreign countries are expected to gather here from July 4 to 10 for the thirtieth International Christian Endeavor convention.

Governor Gifford Pinchot of Pennsylvania has been announced as one of the speakers of E. P. Gates of Boston, general secretary of the United Society of Christian Endeavor. Other speakers will be Ernest Cherrington, general secretary of the World League Against Alcoholism; Dr. Ira Landrith, Christian Endeavor extension secretary and former candidate for vice-president on the Prohibition ticket; Rev. Dr. William Hiram Faulkner, of Cleveland; Presbyterian clergyman; Rev. Dr. Mark Matthews of Seattle, and John Willis Baer of Los Angeles, former moderator of the Presbyterian General Assembly.

Dr. Francis E. Clark, founder of the Christian Endeavor movement, will also be in attendance.

A feature of the convention will be an automobile drive of 175 miles over the famous Columbia river highway and then around snow-capped Mount Hood. The loop road around Mount Hood is just being completed by the United States forest service, and the Endeavor caravan of 2500 cars will be the first group to use it.

## Writes of Shock In Santa Barbara

W. L. Hensel, son of Dr. and Mrs. L. M. Hensel, of this city who completed a new home in Santa Barbara just before the quake, escaped the catastrophe without injury, according to a letter received here by his mother. His house and garage were but slightly damaged.

**OIL DEAL REPORTED**  
The deal whereby a New York Syndicate purchased the production of 160 acres of oil land from the Garcia Oil company for about \$200,000, will bring approximately \$100,000 to Richmond, as almost half of the stock of the company of which M. A. Hayes of Richmond is president, was sold here. The company also owns 850 acres more that is expected to yield further returns.

Webb county, Texas, is the location of the holdings.

**Building Values**  
\$122,975 in June  
The total valuation of buildings for June exceeds the May valuation by \$42,957, according to Building Inspector E. E. Grow. The total June valuation amounted to \$122,957. The C. C. Kratzer auto sales room was the only large project contained in the June building record.

starts on erection of \$40,000 theatre and office building at Eighth and Market streets.

## RICHMOND TO FIGHT FERRY RATE CHANGES

A protest will be made to the state railroad commission by the Richmond Chamber of Commerce over alleged discrimination in ferry rates between Richmond and San Francisco and on Oakland-San Francisco ferries, following the issuance of an order by the commission reducing the Oakland-San Francisco rates.

If the new rates are allowed to stand the Richmond-San Francisco ferry service will be badly crippled, Guy W. Wolf, secretary-manager of the local chamber believes.

While it is declared that the Richmond-San Francisco ferry has been operated at a loss since service started early this year, there will be little opportunity to build up a Richmond-San Francisco traffic that will pay with such a wide difference in rates, it is contended here.

The Oakland-San Francisco rates are 60 cents for automobiles and 5 cents for passengers, while the Richmond-San Francisco fare is \$1.00 for automobiles and 20 cents for passengers.

## WHY I CAME TO RICHMOND

Editor's Note: This is one of a series of articles by prominent Richmond business men giving a brief account of their business careers and reasons why they chose Richmond as the field of their business endeavors.

By A. L. PAULSEN,  
Realtor, 825 Macdonald.

Before I came to the Bay region, I was postmaster in Weaverville, Trinity county for several years. In 1915 I represented Trinity county at the exposition, having charge of the exhibit and being one of the 15 commissioners who stayed there throughout the year to represent the counties of northern California.

During the time that I was in San Francisco I looked about the Bay region and was especially impressed with the possibilities of the city of Richmond. I first came here as a teacher in the Richmond commercial school, but kept my eyes open for an opportunity to enter the business game in this town.

The opportunity presented itself in 1919 when I joined with the Contra Costa Realty company. Later, in 1921, I went into business for myself at 914 Macdonald avenue. When the California theatre building was erected I was the first to move to the new location and have had my office there ever since.

It is my sincere opinion that Richmond is the best bet in the United States of America. The Bay region has the greatest possibilities of the United States. The East Bay has a greater future than San Francisco. Richmond has a greater industrial future than any other part of the bay region by reason of its extensive water front and excellent rail connections. Being a young city, Richmond offers the greatest possible opportunity for any man to grow up with it.

It has always been my desire to do everything in my power to promote the welfare of the city in which I live. It is for this reason that I have entered Richmond activities whenever the opportunity presented itself.

I was recently elected president of the Contra Costa Board of Realtors and appreciate the confidence shown me by members of that organization. YOU MAY BE ASKED TOMORROW

**OUR PROUD REPUTATION**  
That the Purity Creamery of Richmond is one of the best conducted and most sanitary plants in the state was the opinion of speakers who sponsored the new milk ordinance before the city council at its meeting this week.

Dr. Blake and others spoke in high terms about the local creamery which is said to have passed all state inspections with high scores under the pure food act. It has always merited the very best reports, it was said.

Here is the famous English sportsman showing girls how to use a spoon in the "spoon and egg" race during the annual tourney of the members of the Lipton Athletic club. The games were held at Kings Oak, Chingford, England.

## Captain Lathrop Home From City

Captain J. F. Lathrop, Richmond fire department officer, who was seriously injured in a street car accident a few weeks ago, is now convalescing at his home between Barrett and Pennsylvania avenues. Lathrop was treated for his injuries at the St. Francis hospital. He will be confined to his home for several months, before he fully recovers from a compound fracture of the skull.

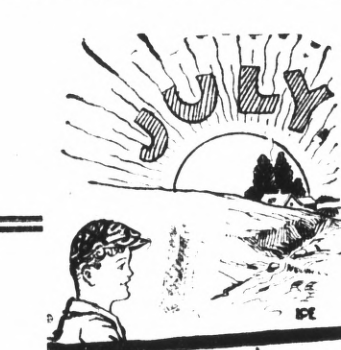

## MARRIAGE LICENSE ISSUED

Miss Eda Long, former stenographer for the city health department and Lambert Wierda, former city building inspector, obtained a license to wed in Martinez yesterday.

## 76 Land Parcels Go In Tax Sale

Seventy-six parcels of land in various parts of the county were sold yesterday at auction sale of property on which taxes have been delinquent for five years. The sale was conducted at the office of Tax Collector M. W. Joost. Bidding was the most spirited of any sale in recent years. The biggest price paid was \$495 on a Richmond lot against which was registered delinquent taxes of \$1128.

The 76 parcels sold, against which taxes of \$19448 were levied, brought the county a total of \$2721.52, or \$2227.04 above the tax levies. About forty parcels were deemed to the state for lack of purchasers.

### THEIR SERVICE RECORD LIVES ON

Two men prominent in world affairs have passed away. One a leader of organized labor, the other the head of one of the world's greatest railroad systems.

Both rose to commanding positions by hard work and ability. One, after 20 years as a locomotive engineer was made President of the Brotherhood of Locomotive Engineers. He opened the eyes of labor to the possibilities of using its financial resources in the banking business. He was labor's first banker and labor's greatest banker. Warren Stone would have made a success in any calling.

Julius Kruttschnitt was a railroad genius and an exceptional scholar. He was a walking encyclopedia on rail and transportation questions, and actually gave his life to upbuilding a railroad system. He was the dean of American railroad executives.

It is hard to replace such characters, but, the mere fact that they lived and carried on means that they transmitted their spirit of endeavor to others who will make even greater strides in the interest of the public welfare as the result of the training they secured under such master minds.

### WHEN GOVERNMENT SAVES

"Far from hurting business, the government's economy policy has been of the utmost advantage to business," says the New York Sun. "It has already resulted in a reduction of several hundred million dollars a year in federal taxes; it promises to bring about a tax reduction of \$200,000,000 or \$300,000,000 more next year."

"When the government saves money it does not mean that the money is not spent. What it does mean is that, instead of being spent by officials to keep unnecessary bureaucrats in unproductive jobs, the money is left in the hands of the man who earns it, and he may decide himself how it shall be spent."

The president will find the people behind him in his determination to administer national affairs in an economical and business like manner. State officials can follow the lead of the president.

### IMMORTALIZED THE PIONEERS

The newspapers of the United States are handing compliments to the late Herbert Quick who has recently passed on from his brilliant career as a fiction writer to the realm of the unknown.

He was to Iowa and the Middle West such a chronicler of its true life as was the late Emerson Hough, who wrote The Covered Wagon and immortalized the conquerors of the Far West.

Both Hough and Quick were all-round Americans, and sympathetic with the struggles of the pioneers who made this nation a reality.

Their stories are clean as the winds of the Iowa prairies, wholesome and invigorating as the lives they depict, leaving no excuse for reproducing degenerate literature for American families to read.

### STRAIGHT FROM THE SHOULDER

Excessive taxation in California is doing more to intimidate capital and prevent development of its natural resources than any other single medium, says President W. B. Storey of the Santa Fe Railway, in an open letter to the Wasco Kern County News.

The executive declared that when the Santa Fe has money to spend for railroad extensions and new construction, it prefers to make such expenditures in states that do not tax earnings of rail lines to death. He said the Santa Fe paid in California for year 1924, 63 cents out of every dollar in net earnings, leaving but 37 cents to pay interest and dividends on cost of road.

"When we have money for extensions," wrote the President, "we prefer to spend it in states like Oklahoma and Texas, where we are making very important extensions this year, because there the taxes are such as to allow us to earn a return on the money invested."

"We have hundreds of miles of road in California and must operate them, but we are not in a position to spend money building new lines."

The proposition came up over reports that the Santa Fe was to begin construction of a cut-off between Los Angeles and Bakersfield that would do much to accelerate movement of freight and passenger travel between the north and the south, also making it possible for a greater volume of freight during the busy fruit season to move from San Joaquin and Sacramento Valleys over Tehachapi mountains to the east.

As indicated by the president, this line positively will not be built under present confiscatory taxation system of California rail lines.

White Chiffon Edged With White Crepe de Chine Is Well Chosen for Mourning Costume to be Worn in Warm Weather.

WHILE present-day rules and regulations for the selection of mourning apparel are far less severe than they were some years ago, there is a growing feeling on the part of women of the best taste that mourning clothes should be, above everything else, inconspicuous. And this certainly was not the feeling in the days when women wore heavy French crepe veils, and frocks trimmed with wide bandings of the same funeral fabric, and when any transparent effect was positively taboo and only the heaviest of black jewelry was considered correct.

Now anything that attracts undue attention to the mourning costume is looked upon as in slightly bad taste. That at least is true in this country, though heavier, more obvious mourning is still worn in France. Pure white is preferred to black and white for summer wear by most well-dressed American women. Care however must be taken to see that every detail and every accessory is white, pure dead white. With the black mourning frock you may wear dull black shoes and black silk stockings, very thin if you like. With the white mourning costume it is better to wear pure white shoes and stockings. Certainly black shoes and white stockings should never be chosen, and black shoes and stockings with the white mourning frock are almost as badly chosen. Even the hat should be completely white.

The sketch shows a mourning ensemble that shows excellent taste in the choosing. It consists of a frock of white chiffon with bands of white crepe de chine. The coat is of chiffon banded with white crepe de chine. The hat is of white net edged with chiffon and the bag is made of dull white beads. Shoes and gloves are both of white suede.

## WISE AND OTHERWISE

By MARY MARSHALL

### SHOES AND HATS TO MATCH

FOR wear with white frocks there are white hats and shoes to match. Sometimes both hat and shoes are of white kid, trimmed with lacings and bandings of similar design.

Sometimes the hat is of felt and the shoes are of suede, and both are trimmed with cutouts of gilt kid. Or else the shoes have cutouts of the kid applied to their toes and the hat has a gilt feather ornament at the side or front.

### KEEPING THE PRESS IN PLACE

If you happen to be away from home and your suit skirt is wrinkled and you can't get at a tailor or an iron to press it, try this method of restoring comparative smoothness:

Sponge it over with clear, cold water lightly, just enough to dampen it a little. Then fold it in two from side to side—that is so that a crease comes at the two sides. Fold it again, so that a crease comes back and front. Now double over once, and place it on the floor under some heavy object. A couple of volumes of the encyclopedia will do quite well. After ten or twelve hours the skirt will be in very good shape. If you can manage to do without the doubling over, so much the better.

### JELLY FRITTERS

Rub three tablespoons of flour to a stiff paste with a little hot water, cool, and add two eggs beaten separately. Drop by spoonfuls into deep fat, fry brown, and serve hot with a little currant jelly on each one.

### BUTTONS PLAY THEIR PART

One can use one's buttons and have them, too, if they trim a pretty frock of Hague blue kasha cloth combined with satin in a darker tone. The trend of this model is gathered on the shoulders, the front of the blouse and skirt being slashed to show the insert panels of satin. The sleeves may be worn long or short, but every woman who follows the mode knows the position of Paris regarding sleeves on daytime frocks. Medium size requires 2 1/2 yards 54-inch kasha and 1 1/2 yard 40-inch satin.

Pictorial Review Dress No. 2503. Sizes: 14 to 20 years and 34 to 40 inches.

### WHERE IT STARTED

### COMBS

The origin of the comb is uncertain. The ancients used combs to arrange their hair, the Greek and Roman combs being usually of boxwood, the Egyptian of ivory. They were part of the early ritual of the church, there being careful directions as how the hair of bishops should be combed. Their use as ornaments began during medieval times, when they were made of precious metals and elaborately ornamented.

**Rice Pudding**  
Cornmeal Muffins: One cup flour, 1-3 cup sugar, 1 tablespoon butter, 2 eggs, 1-2 teaspoon salt, 4 teaspoons baking powder, 1 cup cornmeal, 1 cup milk. Sift the dry ingredients together in a mixing bowl. Add the milk and yolks of 2 eggs, then the melted butter, and lastly fold in the well-beaten whites of the eggs. If only 1 egg is used it need not be separated, but the quantity of flour should be slightly increased. Bake 2 or 30 minutes in a rather hot oven.

**Tomato Sauce:** Put half a teaspoon of butter in a saucepan with an onion, a carrot and a half clove of

garlic, all cut fine. Simmer gently for ten minutes, then stir in a tablespoon of flour. Add half a pint of stewed tomatoes and a half a pint of stock. Boil gently for thirty minutes, season and strain. **Brown Beef Stew:** Cut 2 pounds of beef in small pieces. Melt some of the fat in a pan, brown in it 1-2 the meat. Put rest of meat in kettle with 1 pint cold water, let stand 20 minutes, then heat slowly. Transfer browned meat to kettle; thicken fat with two tablespoons browned flour, add 1 pint boiling water and stir; when thick stand into kettle. Add 1 cup diced carrot, cover, and simmer. When half done add 1 pint diced potatoes. Season well with salt and pepper.

# OLD MISSION IS TO BE RESTORED

## PADRES PLAN TO REBUILD OLD MISSION

SANTA BARBARA, July 1.—Plans for restoring the historic Santa Barbara Mission, which was partially destroyed in the earthquake Monday and for rebuilding St. Anthony's Seminary, which was demolished, took precedence over all other questions at the triennial conference of the Santa Barbara province of the Franciscan order, which began this morning at St. Elizabeth's Priory in Fruitvale.

Next to this in importance on the conference program is the election of the Provincial, the presiding officer of the province, which includes the state of California, Oregon, Washington, Arizona and New Mexico. It was thought probable that Father Tricus Deaver, the present Provincial, would be re-elected.

### MISSION GARDEN REFUGE

The earthquake, which transformed the towers and front of the old Mission into a heap of ruins wiped out, temporarily, 139 years of history, and sent the mission fathers back to the customs of the first Spanish padres in the days before the mission was built. Once again the Franciscan priests and brothers are living out of doors, just as Father Serra and his little band did when they were planting the missions along the coast. They are making their home, for the present, in the large formal garden behind the mission building.

Also, just as their predecessors did in our Revolutionary times, they are holding the ceremony of the mass today beneath an old oak tree. All that is lacking to day to bring the long-buried past back completely are the Indians, newly proselytized from heathenism, kneeling before the outdoor altar.

## First Work On Inner Harbor to Start Here Today

A retaining levee to prevent the dredgings of the inner harbor from sliding into the Ellis canal will be constructed today preparatory to the work of the San Francisco Bridge company which will begin next week, according to the announcement of E. A. Hoffman, city engineer. The council next Monday night will probably call for bids on the construction of the new wharf. The San Francisco Bridge company will move its equipment here so as to be ready to do the dredging work in front of the proposed new wharf at the foot of Tenth street, early next week.

## FIRST WOMEN GRADUATES OF MINNESOTA UNIVERSITY ENGINEERING SCHOOL TO WORK THIS YEAR IN WOODS

Esther Knutsen and Ursula Quian (at right) have just received the degree of civil engineer and are planning to spend the summer surveying in the north woods of Minnesota. They are the first women to graduate from the Engineering School of the University of Minnesota.

## DAILY BIBLE SCHOOLS GIVE PROGRAM HERE

Tonight at the Point Richmond Baptist Mission the Daily Vacation Bible schools of the First Presbyterian church, Thirty-first and Barrett avenues and the Lincoln school, will give a joint program. Arrangements for the program are being handled by Mrs. C. F. Deshields of the First Presbyterian church, Mrs. A. H. Beery of the Thirty-first and Barrett school, and Mrs. Dimock of the Lincoln Bible school.

The program will begin at 8:15 and will celebrate the closing night of the schools. First of all will be the Flag Drill by the entire school body, followed by a prayer song by the entire school. Then the following program will be given:

Prayer—Rev. Jesse L. Smith.  
"He Keeps Me Singing"—Entire school.  
Bible Drill—Girls and boys.  
T. N. T. Song—Entire school.  
The awarding of prizes.  
"Pep" Songs—Entire school.  
Yells—Girls and boys.  
Play—"Armor Drill"—Seven boys and six girls.

Craft Exhibit—Boys and girls.  
P. M. Sanford will close the program with a benediction.

The public is invited, everybody is welcome and it will be an evening well spent.

## Woman Lawyer Says Women Shoud Vote But Also Cook and Sew

(By Universal Service)  
ATHENS, July 1.—When Miss Edith House, of Winder, Ga., graduated and received her diploma as a lawyer, a precedent was set in the University of Georgia. Miss House is the first woman to receive credentials as a lawyer from Georgia University in its 125 years of educational endeavor, and expects to practice in the courts.

Miss House "brought down the house" at the national convention of the League of Women Voters, in Richmond, Va., recently when she delivered an address on "The Southern College Woman and Her Idea of Political Responsibility." She led the entire Law School in scholarship last year.

Miss House is not of the militant breed of feminist. She asserts a woman can have a career and that she should vote but that it is not necessary for them to forget how to cook and sew. And while she is not thinking of marrying right away, she refused to assertate she would never give up her degree of "LL.D." for that of "Mrs."

Riverside—Local capital will build \$40,000 ice plant.

## NEPTUNE BEACH TO CELEBRATE WITH PROGRAM

Independence Day will be celebrated at Neptune Beach by a patriotic program terminating at night by a display of fireworks, the set-pieces depicting the national emblem and famous characters in American history. The Neptune band will play continuously throughout the afternoon and evening hours until the fireworks are touched off at night.

The Fourth will see the most elaborate program ever arranged to take place at Neptune, the resort managers claim. The public will be admitted free of charge to the beach after 7:15 p. m. Aerial stunts will be featured at the beach July 4th to 12th inclusive. Afternoons and evenings the public will witness the daring team-work of the "Aerial Thompsons" performing a hundred feet in the air on a tight wire.

The Sunday entertainment at the beach will be up to the standard offered as a part of the mid-Summer policy at the beach with an augmented vaudeville show on the outdoor stage.

Throughout the vacation period the Neptune band will give a daily afternoon concert.

The thirty-sixth anniversary celebration of the I. D. E. S. will be held at Neptune Beach, Saturday, July 11th. Members of the Portuguese colony from all parts of California will participate in the combined convention and outing. The winner of a state-wide queen contest will be crowned on the day of the event.

The program will start at 2:00 p. m. with a spectacular pageant. This will be led by the queen, maids of honor, pages and the supreme officers of the I. D. E. S. drill teams, floats and councils of the I. D. E. S. will take part. The parade will be led by a band.

The speakers of the day are: Hon. Euclides Couillard de Costa, Consul General of Portugal; Hon. Edward A. Cunha of San Francisco; Hon. F. I. Lemos of Hayward and J. C. Valim, supreme secretary of the I. D. E. S.

Swimming, races, a picnic and dancing until midnight are included in the program. Prizes will go to the winners in the various events. Portuguese folk songs and other special entertainment will be given in the ballroom.

### SPEED COPS UNDER STATE

Traffic officers of this vicinity will hereafter work under the direction of the state, instead of the county, under the change made yesterday. G. A. Belon will retain his position as chief of the traffic squad. R. L. Sheldon will take a position as an inspector with the state force, having resigned from the county force. The transfer was made under a recommendation of the supervisors.

## SMITH & CRANE COMPARED WITH BIG CITY FIRMS

Smith and Crane comes out again today with a double-page advertisement, placing before the Richmond shopper the first to be had in clothing and kindred lines.

During the past several months this progressive firm has spent hundreds of dollars to acquaint their trade with the various lines of superior merchandise to be found at their establishment.

No other firm in Richmond has ever gone to the same expense in the same length of time as has Smith and Crane to simply inform the buying public just what is to be found at their store.

This firm does not believe in episodic sales, but rather in giving the public the best merchandise that can be secured at the same prices one would have to pay in New York, Chicago or any of the large cities.

Today's advertisement is the seventh double-page to appear within three months and marks an epoch in retail advertising.

### MARKETS CLOSE FRIDAY P. M.

Meat Markets in Richmond will close at 4 p. m. on Friday and will not reopen until Monday morning. It was announced yesterday by the local Butcher's union. All other stores will remain open till 8 o'clock on that night, however.

## Perpetual Motion Machine In Get-Rich- Quick Swindle

By LAURA KNICKERBOCKER  
Universal Service Staff Correspondent  
BERLIN, July 1.—The riddle of perpetual motion has been responsible for one more get-rich-quick swindle which is now being aired in Vienna courts.

Technical circles in Vienna were startled recently when the chief engineer Adolph Klein announced that he had perfected a machine which by the application of the law of gravity would produce energy in a never-ending circle.

Klein was backed in his claim by a group of engineers. These formed a company to put the epoch-making machine on the market. Klein found a rich god-father for his invention in the person of Princeenberg Auerberg, wealthy industrialist.

But after months of footling the bills the god-father became suspicious. He had sunk a small fortune in this wonder machine and nothing seemed to be coming of it.

The wonder machine was taken to Professor Julius Urbanek, president of the School of Technology. He put it through its "perpetual" paces.

His verdict was classically short.

"Junk," he said.

Sadder and wiser the Prince severed all connections with the great perpetual motion syndicate. He took his losses like a gentleman and made no formal complaint in court. All that he asked was that he might have the wonder machine to sell for junk.

He put the old metal in the hands of Hans Monetti to sell for what he could get for it. This business transacted, Monetti was discharged. Now Monetti has brought the prince into court after all, complaining that he did not live up to the contract and his commission for selling the junk.

## EDDIE FARRELL, PENN'S STAR SHORTSTOP, JOINS N. Y. GIANTS ON JUNE 23

Farrell, captain of the University of Pennsylvania baseball team, is considered the best shortstop Penn ever had. He has been signed by Manager McGraw and will join the National League champions on June 23.

### EXAMINATION FOR DEPT.

An examination for the eligibility of firemen, especially hosemen, will be conducted in the first part of August. Fire Chief W. P. Cooper announced yesterday. From those who pass the examination will be selected men to fill two or more vacancies on the department.

## THREE HELD TO ANSWER IN S.F. GUARD MURDER

SAN FRANCISCO, July 1. Mrs. Dora Howard, Elsie Latta and Leo Grigsby, confessed slayers of Albert Anderson, customs guard, must answer the charges against them. This was decided today when Police Judge Joseph Golden denied the motion of Attorney Austin Arnold to dismiss the case.

The judge ordered Grigsby who is at liberty on bail, remanded into custody and continued the hearing for two days.

In making his decision Golden blamed Captain of Detectives Matheson, who he declared was trying to make a "dumping ground" out of his court.

"I see no reason why these people should be dismissed and there isn't evidence to show me that Grigsby should be at liberty," Golden decreed, "and I do not like the attitude taken by the captain of detectives in this matter."

"When the grand jury failed to indict these people he made the announcement through the press that there would be no prosecution. Now he passes the buck and throws the whole matter in front of me, so I find no other way than to go through with the case."

## Mother Love Is Theme of Movie At Wesley Church

The famous portrayal of mother roles, Vera Gordon, will be seen in her latest photoplay, "Your Best Friend," a Warner Brothers production, at the Wesley Methodist church, corner Ninth street and Nevin avenue, Friday evening at 7:15, in addition to the usual song program.

The name of Miss Gordon has been linked on both stage and screen with "mother" parts, and in her latest picture she will not disappoint her countless admirers. For she is seen in the role of Mrs. Meyers, a widow, whose every expression denotes a very precious pearl of wisdom.

In the supporting cast are Belle Bennett, as a misguided society-crazed daughter-in-law, Harry Benham, in the role of the faithful son, Beth Mason, portraying the part of a socially ambitious mother, Dore Davidson, as the old kindly family bookkeeper, Stanley Price, playing the part of the black sheep member of the family.

"Your Best Friend," produced by Harry Rapf, and written and directed by Will Nigh, is declared to reveal, anew, the emotional ability of Miss Gordon as one of the screen's most talented actresses.

pictured in "The Famous Mrs. Fair" and "The Dangerous Age."

Robert G. Vignola directed "Married Flirts." This is the first of a series he is to make for Metro-Goldwyn-Mayer, and is certain to stir up eager interest to view his coming productions.

Oliver Marsh is credited with the photography, which is unusual and delightful.

Other features on the same program include "Why Hurry" a Jimmie Adams comedy; "Prizma" a screen magazine.

## Wife's Suicide Attempt Provides Sensation At Budapest Murder Trial

BUDAPEST, July 1.—In a spasm of remorse "Mousie" Lederer tried to commit suicide in her cell here, providing the latest sensational incident in the trial of her husband, written the man she had induced to commit murder.

It was "Mousie" who had planned the robbery and lured her husband to join in the murder scheme.

Lederer put the blame of the deed on the shoulders of his wife, but admitted it was he who had killed the manufacturer. He refused to appear for competency.

On the day the sentence was read to the doomed man, the conscience-stricken wife screamed for hours in their narrow cell. Then she tried to strangle herself with the strings of her apron.

On the table the warden who rescued her found this note she had written: "My dear only Gustav: I pardon you from my heart for all the sins you committed against my name in your trial. I can't be angry at you, for you are the only person I have ever loved in my whole life."

"I love you even yet. I go to my death to join you, and to prove how much I love you. Until we meet again I embrace you once more: Your Mousie."

Lederer had just been sentenced to death for the robbery and murder of a wealthy Hungarian manufacturer. In the long trial it developed that he had been merely an unresisting tool in the hands of his wife.

The attempted suicide of his wife induced Lederer to make his plea for competency, which he had steadily refused heretofore. Until the last she had her way in forcing him to do as she willed.

Because of war injuries, Lederer was peculiarly susceptible to suggestion, his examining physicians found.

**Polite Bandits Serve Victims With Champagne; Say Women**

(By Universal Service) BUCHAREST, July 1.—Perfectly charming!

So polite were the graduates from a school of etiquette for robbers that they won this edict from their lady victims. A large auto bus filled with travelers was held up on the road between Bucharest and Kronstadt, by a band of robbers whose manners were as smooth as their dexterity in finding and appropriating all money

and valuables in sight.

The whole proceeding was carried out in the best drawing room style. Along toward dark in passing through a lonely stretch of wood the chauffeur came to a halt before a lane stretched across the road.

With courtly bows ten heavily armed bandits stepped from the shadows and with soft whistles went through the pockets of the travelers.

Then they stood and gazed at the white with their quarry, passing the easy life of the light-colored gowns.

With a speech the leader passed around finest imported cigarettes to the surprised men. With a flourish he opened bottles, and a toast was around and toasted the ladies.

A whistled signal and the bandits appeared as it by magic.

The politeness of their "hosts" did not prevent the robbers from paying a visit to the purse in Bucharest. They set them on the trail of the polished thieves.

"But they were simply delighted!" the women of the party told the officers in a chorus.
